Run wires neatly down the channel  
in both parts ensuring they  
do not get trapped or squashed

Fully Tighten  
All Bolts

OEM PART

Repeat  
Both Sides

Reverse Stages

3 - 1

### **ESSENTIAL CHECKS**

After installation of your tail tidy ensure that the licence plate does not contact the rear tyre when suspension is fully compressed.

Ensure all electrics including indicators, tail light, brake light and licence plate light lights are working correctly before riding the motorcycle.

It is recommended that periodic inspections are made to ensure that all fixings are fully tightend.
