

STANDARD CONDITIONS OF SALE

The catalogue description and any exhibition of samples are only broad indications of the Products and Drury Precision Engineering Limited may make design changes which do not diminish their performance or visual appeal and supplying them in such state shall conform to the order.

The Buyer acknowledges no representation or warranty (other than as to title) has been given or will apply to the Products other than those in Drury Precision Engineering Limited order or confirmation and the Buyer confirms it has chosen the Products as being of merchantable quality and suitable for its particular purposes.

The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the products.

On return of any defective Products Drury Precision Engineering Limited shall at its option either supply a replacement or refund the purchase money but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with Drury Precision Engineering Limited instructions and good engineering practice or if the defect arises from accident or neglect.

Other than identified above and subject to Drury Precision Engineering Limited not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products.

These terms do not affect the Buyer's statutory rights. If you require any further information, then please contact us:

RETURNS, REFUNDS AND REPLACEMENTS

We hope you are happy with your purchase from Evotech Performance. However, if you wish to return or replace a product, then please carefully read the information and follow the instructions below before sending back your item.

If, within 30 days, you wish to return a product that is not faulty, we will be happy to accept it back, providing that it is undamaged and in a re-sellable condition. You will have to pay the return postage and we will discount your refund by a 10% re-packaging and re-stocking fee. We will not refund the original postage.

If the product is faulty, or the wrong part, or any other reason that is our fault we will also refund the return postage costs.

In either event, please ask for advice when you wish to return anything by calling **0800 634 2801** or by emailing sales@evotech-performance.com, we will advise the best method or returning it.

If a product should develop a fault after 30 days, please contact us to discuss.

Please let us know why you wish to return the product.

If you are returning faulty goods, you are entitled to a refund or a replacement part. Please indicate which you prefer.

Please ensure that the goods are packed securely, and include all of the original parts, using the original packaging where possible. If necessary place in suitable extra packaging to protect the goods whilst in transit to us.

Please make sure that you obtain and retain Proof or Posting Certificate from the Post Office when you return your goods. This is to protect you in the event that your goods are lost in transit, they remain your responsibility until they reach us.

Installation Instructions

**DUCATI 848/1098/1198
UPPER RADIATOR GUARD**

Product Reference – 7487

Kit Contents

1x Upper Radiator Guard

Fitting Instructions

1. Remove fairing “bellypan”. Remove inner panels from fairing left and right central panels (3 screws and two plastic plugs each side)
2. Remove left and right fairing centre panels.
3. Remove battery cover to allow movement on the left hand radiator hose.
4. Remove upper radiator left hand upper and lower fixing bolts. Push radiator forward and right to slide off the top r/h mounting spigot.

5. Place radiator guard over the radiator and slide the top mounting onto the frame mounting spigot and refit the radiator in the reverse of the removal sequence.
6. Refit two mounting bolts. Refit battery cover.
7. Refit fairing panels in the reverse of the removal process, ensuring that location tabs are correctly engaged.

Warning

Evotech radiator and oil cooler guards have been designed and manufactured to optimise the balance between air flow and protecting the radiator/oil cooler on your bike.

Consequently the small reduction of air flow may lead to increased engine temperatures. We advise that on particularly hot days, the rider should monitor the engine temperature and, if necessary, stop until the engine has cooled.

Particular care to adhere to this advice is recommended in countries where high ambient temperatures are likely to occur.

It is recommended that periodic inspections are made to ensure that dirt and debris have not become trapped between the guard and the radiator/oil cooler. Such dirt and debris would reduce the cooling efficiency of the radiator/oil cooler.
