A

Ensure Oil Cooler Guard
securely hooks under the
bottom lip of the radiator

Ensure Oil Cooler Guard
securely hooks under the
bottom lip of the cooler

Ensure Radiator Guard
tucks in behind the
Oil Cooler Guard

Reverse Stage 1

ESSENTIAL CHECKS

It is recommended that periodic inspections are made to ensure that dirt and debris have not become trapped between the guard and the radiator/oil cooler. Such dirt and debris would reduce the cooling efficiency of the radiator/oil cooler.

It is recommended that periodic inspections are made to ensure that all fixings are fully tightened.
